South West Community Sports Coach Scheme (CSCS)

Working with the regions seven county sports partnerships this coach development project will address a number of locally identified issues that will address:

The lack of sports-specific technical support currently offered to coaches through their current continuous professional development (outside of attending qualifications)

The national statistic that only 36 per cent of Community Sports Coaches (CSCs) hold a level-two qualification in their delivery sport

A lack of shared information on quality coach educators and coach-development opportunities across county borders.

For more information please click [here](#).

The UK Coaching Framework - Implementation Within England

The UK Coaching Framework has set out the vision for the development of the coaching system in the UK up to 2016. The Framework will act as the reference point for the development of coaching within England, where its implementation will be led by sports coach UK within the context of the Delivery System for sport. For more details click [here](#).
