### GB Coaching Forums

As part of our work to develop the provision of holistic coach and coaching development sports coach UK organise a series of National Coaching Forums for representative from all GBs, Home Country Sports Council and other national agencies. These events are designed to provide opportunities for those officers attending to focus on the various components of the World Class Coaching System (WCCS) through:

- discussions
- sharing of best practice
- informing/shaping policy
- gaining knowledge

Within the WCCS section of this website you can find audit and assessment tools, forum reports, presentations and support documentation for the understanding and implementation of the WCCS.

Details of the National Coaching Forums can be found below, including future events, venues and content.
